### Instructions for Submitting Abstracts

#### PLEASE READ CAREFULLY BEFORE TYPING THE ABSTRACT

1. The abstract should be written in English and typed within the frame in the abstract form provided.
2. Please use 10 points Arial Bold font with single line spacing and leave one line between the paragraphs.
3. The abstracts will be directly photo-printed. Please do not erase and make sure that the abstract is free of smudges and errors as it will be reproduced directly as submitted.
4. If necessary, standard abbreviations should be used. Special or unusual abbreviations may be placed in brackets after the full word the first time it appears.
5. Simple tables or graphs neatly drawn in black ink may be included if they fit within the form.
6. The body of the abstract should be organized as follows:  
Title : Please capitalize the entire title within the frame and do not abbreviate.  
Authors : The initials and the family name of all authors should be written in capital letters. Underline the name of the presenting author.  
Institution : On a new line, the institute(s) where the work is originated, city and country should be listed.  
Text : The text should include objectives, design and methods, results and conclusions.
7. Please indicate whether you prefer to have your abstract as an oral or poster presentation. The Scientific Committee will use this designation to help in review of the abstracts but reserves the right to allocate the abstracts.  
Preferred type of presentation  
 Poster Presentation     Oral Presentation
8. Correspondence and further information will be sent to the author's given address on the abstract form.
9. The abstracts can be submitted through the internet. You can reach the online "Abstract Submission Form" from [www.medhyp.org](http://www.medhyp.org)
10. For the abstracts to be considered, at least one of the authors must be a paid-registrant.
11. Deadline for abstract submission is January 16, 2012. Abstracts received after January 16, 2012 will not be accepted.
